Sir,

'Subject' Grant of loan to the Nyamathi Municipality for acquiring certain Survey Numbers to form an extension at the place -

Mlc 72 (TL) 6/12/46

In forwarding herewith an original the entire file of records received from the President, Nyamathi Municipality - vide his report No Mlc 31/44-45 dated 1st November 1946 on the above subject, I have the honour to state that with a view to form an extension to provide suitable building sites to the townsmen of Nyamathi and to avoid congestion in the old Town, the Municipal Council considered the question of acquiring S Numbers 122 and 123 of Nyamathi village for the purpose

It is reported that the probable cost of acquisition would come to Rs. 3235-8-3 The question of payment of the cost of acquisition having come up for consideration before the Municipal Council at their meeting held on 22-3-46, a resolution was passed to the effect that inview of the existing straitened finances of the Municipality that Government be moved to sanction a loan of Rs 3,000/- to the Municipality for the above purpose, subject to the condition of repayment of the loan in three annual instalments The District Health Officer, Shimoga who was consulted as to the suitability or otherwise of acquiring the Survey numbers referred to above has opined that the site in question is suitable for forming a proposed extension

From the records it is seen that the question of acquiring the survey numbers referred to above for forming an extension has been ordered by my predecessor in office to be deferred till the finances of the Municipality improve

The Municipal Council, Nyamathi, after reconsideration of the above orders at their meeting held on 17-10-46, have passed a resolution to the effect that the Deputy Commissioner be re-

P T O

requested to reconsider the request of the Municipal Council in this connection and to recommend to Government for sanctioning their request for grant of a loan of Rs 3,000/-

The Municipal President reports that in view of the fact that Nyamathi is a commercial centre with a good number of merchants class there is a great demand for sites for building purposes He adds that the closing balance at the credit of the Municipality on 30-9-46 was only Rs 5880-10-2 - which comprised the sum of Rs 5,000/- being the stability fund to be deposited by the local Municipality towards the maintenance of the Municipal High School at the place In view of this and the other obligatory commitments which the Municipal Council has to meet, the Municipal President reports that it is not possible to pay the cost of acquisition from out of the balance amount that is at the credit of the Municipality

During my visit to the place on 15th October 1946, I inspected the place and discussed matters fully with the Municipal Council The town of Nyamathi is pouring rapidly and the population has already outgrown the present accomodation The annual visitation of plague to Nyamathi is not a little one to the dirty and congested blocks of houses and if as is likely Electric Power were to be supplied shortly from Jog the labour population would increase and the already keen demand for sites would become even keener I therefore consider it an urgent necessity to acquire these suivey numbers ~~owning~~ imposing ~~inevitable~~ suitable conditions on the Municipality to see that the sites are disposed of only to people who will build houses at once

The Municipal Council has unfortunately not got adequate funds to meet the cost of acquisition They have no alternative except to approach Government for an advance I am convinced that the sites are so good and that a sale of them will fetch more than the amount of advance now asked for

page. 3.

In the circumstances I request that sanction of Government may kindly be obtained to the proposal of the Nyamathi Municipal Council for grant of a loan of Rs 3,000/- at interest chargeable at 4½% repayable in three equal annual instalments

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Shimoga District

Subject - Grant of loan to Nyamathi Municipality for acquisition of certain Survey Numbers for town extension

---

With reference to your letter No L 8991 dated 23rd December 1946 on the above subject requesting me to forward a copy of my review on the Budget estimates of the Nyamathi Municipality for the year 1946-47 etc , I have the honour to forward herewith the same for favour of reference as desired

As regards the other point viz , whether any item of income has been earmarked towards the discharge of the loan asked for by the Municipality, the President of the Municipality has reported in his report No Ml 31/45-46 dated 23-3-46, that the Nyamati Municipal Council would be able to repay the proposed loan amount from out of the sale proceeds of the sites to be disposed of after marking out the sites on the lands to be acquired

It is further reported that there is keen competition for sites in Nyamati Town and the Municipal Council expects to realise a decent incom by sale of sites

No other item of income except the one source pointed out above has been set apart for discharging the proposed loan As already stated in my letter of even number dated 2nd December 1946, the sites under reference being well situated, are sure to fetch more than the amount of advance now asked for

The proposed loan amount in question will be repaid to Government from out of the income to be derived by the Sale of sites

p t o

In the circumstances explained above a request that the proposal of the Hyarethi Municipal Council for grant of a loan of Rs.3000/- may kindly sanctioned, subject to the condition that the Municipal Presidents Council should repay the loan amount in one lump soon after the sites are disposed of.

The records received with your letter under advertance are forwarded herewith for reference.

I have the honour to be,
Sir,
Your most obedient servant,
